### **DETAILED ACTION**

This office action is response to applicant amendment filed September 24, 2010.

#### ***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on March 29, 2009 was in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

#### ***Election/Restrictions***

Claims 242, 243 and 244 are directed to allowable subject matter. Claims previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action is hereby withdrawn**. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dennis Duchene on September 30, 2010.

The application has been amended as follows:

**CLAIMS**

Cancel claims 254, 255, 273 and 274.

In claims 242, line 7 after ""passive device" delete "comprises a part is not directly" and insert- -not vertically- -,

and in line 8 after "package;" delete "and" and insert- -after said joining said die and said substrate, forming a solder bump over said horizontal level; and- -,

and in line 9 after "circuit layer" delete "and" and insert- -,- and after "passive device" insert - -and- -,

and in line 10 before "separating" insert- -said forming said solder bump,- -.

In claim 242, line 6 after "horizontal level," insert- -wherein said passive device is not vertically over any die in said chip package,- -.

In claim 244, line 6 after "passive device" delete "has a part is not directly" and insert - - not vertically- -,

and in line 12 after "die" insert -; and after said forming said insulating layer and said forming said patterned circuit layer, forming a solder bump over said horizontal level--.

In claim 282, line 2 after "forming said" insert - -solder bump"--.

***Allowable Subject Matter***

Claims 242- 248 and 250-253, 256-272 and 275-290 are allowed.

The following is an examiner's statement of reasons for allowance. Regarding claim 242 the prior art does not disclose or make obvious joining die to substrate and over a die top level/ horizontal level forming a passive device over the horizontal level, but not vertically over any die, forming bumps over the horizontal level and separating said substrate into multiple portions including all the limitations of the independent claim.

Regarding claims 243 and 244, the prior art does not disclose or make obvious after forming separating material between dies having a top, forming a passive device over the horizontal level wherein the passive device is not vertically over any die. In contrast as shown in Eichelberger (U.S 5,250,843) the passive device is formed prior to the separating material formed between the dies.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
